Our dedicated team of educators will strive to create meaningful and engaging lessons that inspire curiosity, creativity, and a deep understanding of the subjects taught.

We also recognize the importance of a well-rounded education, one that extends beyond academics. Our schools offer a wide range of extracurricular activities, clubs, and sports programs that encourage students to explore their passions, develop their talents, and build meaningful connections with their peers. We strongly encourage your child to take advantage of these opportunities to broaden their horizons and discover new interests.

At the heart of our school community is a strong partnership between parents, teachers, and administrators. We believe that open communication and collaboration are key to your child's success. We encourage you to maintain an active role in your child's education by attending parent-teacher conferences, participating in school events, school meetings and engaging in meaningful conversations with your child's teachers and counselors.

Please take the time to review the Annual Notification to Parents handbook carefully. It contains important information regarding school policies, procedures, and expectations, including attendance guidelines, academic standards, discipline policies, and more. Should you have any questions or require further clarification, please do not hesitate to reach out to your child's school or our district office.

As we look ahead to the 2023-24 academic year, we are filled with optimism and excitement for the possibilities that lie ahead. Together, we will continue to foster a vibrant and inclusive educational community that celebrates diversity, nurtures individual strengths, and prepares our students to become responsible global citizens.

As the parent/guardian of a PVUSD student, you have many rights and responsibilities. This informative booklet is about many of those and the laws, policies and statutes, which cover them. Please read the contents of this booklet and return to your student's school. We must get the signed form returned or your child may not be able to attend classes.

Teachers build your child's education one day at a time, so every day is essential. In elementary, middle, junior and high school, moving ahead, or even graduation, can be put in jeopardy if too many days are missed.

Unified School District **Student Acceptable Use of the Internet**

Student use of district technologies are governed by Board policies as described in the Acceptable Use Policy below. Given the integration of these technologies with the instructional program and state mandated annual testing, acceptance of these policies is no longer optional for students. The Acceptable Use Policy (AUP) ensures safe and legitimate uses of the Internet and the district's network and computers. This policy is to be regularly reviewed by the Superintendent or designee to ensure its effectiveness.

PVUSD's Acceptable Use Policy (AUP) complies with the Children's Internet Protection Act (CIPA) by preventing unlawful and malicious activities by users on the PVUSD network, and securing confidential information from unauthorized access. All users must comply with every aspect of this policy. Any violation of this AUP may result in disciplinary and/or criminal action. Users are expected to report any security problems or misuse of district technology.

The district utilizes an Internet filter to block access to content that is obscene, pornographic, or detrimental in general. However, no filtering system is 100% effective. PVUSD staff believe that the benefits to students from Internet access exceed the possible disadvantages.

The district reserves the right to monitor users' network activities. Therefore, users should have no expectation of privacy concerning the use of the PVUSD network, PVUSD issued devices and resources. This includes, but is not limited to, all electronic communication such as email, chatting, blogging, etc. Additionally, students' Google Drive is subject to scanning. In the event of a reported violation of this AUP, the district reserves the right to search district issued devices and accounts, either electronically or physically, to verify the violation(s).

Students that bring personal mobile devices to school will be expected to follow policy outlined here.

Internet Safety Guidelines

All staff, students and parents should be aware of the potential dangers that the use of the Internet may bring. Students are educated biannually on appropriate and ethical uses of the Internet. The following guidelines provide assurances that students are complying with the PVUSD AUP:

- All students should have adult supervision when using the Internet.
- Users should not reveal personal information (home address, birthdate, cell/home phone numbers, etc) about themselves or others on the Internet.
- Students should not place photos with their full names or with the names of others on the internet.
- Users should never meet with a person or persons they have met only on the Internet.

Acceptable Uses of the PVUSD Network

The PVUSD network is to be used for educational purposes and district business, such as class assignments, career development activities, educational research, extracurricular activities, communication activities and access to network resources. Staff and students will comply with the PVUSD Publishing policy, which ensures that student work is appropriately posted on the Internet. Only school related files should be stored in student accounts. Staff and students are expected to take good care of District technology resources, leaving equipment and work areas in good condition.

As new technologies emerge, PVUSD will attempt to provide access to them. The policies outlined here are intended to cover all available technologies, not just those specifically listed.

Unacceptable Uses of the PVUSD Network

Any unlawful or malicious use of the PVUSD network, such as, but not limited to:

- Accessing, posting, submitting, publishing, or transmitting any of the following:
- Pornographic or sexually explicit material
- Material that could be construed as harassment or disparagement of others based on race/ethnicity, national origin, gender, sexual orientation, age, disability, religion, or political beliefs
- Obscene depictions
- Materials that are threatening or encourage illegal activities, including damage to property
- Selling or purchasing illegal items or substances
- Selling anything using the district network
- Intentionally accessing and/or spreading malicious files, such as viruses, worms, spam, etc.
- Attempting to bypass the content filter to access blocked sites.
- Violation of copyright laws or plagiarism of any kind, including downloading software, music, movies or other content in violation of licensing requirements, copyright or other intellectual property rights.
- Causing harm to others or damage to property, such as, but not limited to:
- Cyberbullying: It shall be the student's responsibility to report any cases to the student's teacher or other staff member.
- The use or distribution of profane, abusive, or offensive language; threatening, harassing, or making damaging or false statements about others.
- Using, deleting, copying, modifying or forging other users' names, emails, files, or data

- Using another person's network account name, information or credentials
- Disclosing information that could potentially lead to unauthorized access of network account name, passwords, information or credentials
- Accessing the PVUSD network, either internally or externally, to pursue "hacking."
- Creating unauthorized wireless networks to access PVUSD's network. This includes establishing wireless access points, wireless routers and open networks on personal devices.
- Using the network to encourage the use of drugs, alcohol or tobacco
- Using the network for commercial, political, religious or gambling purposes

Penalties for Violation of the AUP:

Any violation of this AUP may result in the loss of the user's network access, disciplinary and/or legal action for both students and employees, including suspension or expulsion from district schools, or dismissal from district employment and/or criminal prosecution by government authorities. The district will attempt to tailor disciplinary action to the severity of the violation.

Disclaimer and Waiver

The district makes no guarantees about the quality of the services provided and is not responsible for any claims, losses, damages, costs, or other obligations arising from use of its network, computers or accounts. Any additional charges a user accrues due to the use of the district's computers or network are the responsibility of the user; the user hereby waives any and all claims against the district and further agrees to indemnify and defend the district for and against any claims arising out of the use of the district's network, computers or accounts. The district is not responsible for the accuracy or quality of any information obtained through user access. Any statement, accessible on the computer network or the Internet, is understood to be the author's individual point of view and not that of the district, its affiliates, or employees.

Parents who are concerned about the use of these technologies or the application of these policies should contact the school site's administration to discuss whether reasonable adjustments may be required for a student's particular needs.

Social Media Information for Parents and Child

The information on this page is for students and parents to review and discuss. We urge you to be aware of how your child(ren) use the internet and cell phones.

I will keep myself safe and protect my reputation:

- I will not give out any personal information, like my age, last name, address or phone number, school, or meet someone I've met online, without my parent's permission.
- I will not put myself at risk by posting or sending inappropriate photos or videos.
- I will tell my parents or an adult I trust if anything happens online that makes me feel uncomfortable, threatened, upset, sad or concerned for the safety of others.
- I will not share my password with anyone other than my parents.

I will think first:

- I know that the pictures and videos I post online, and everything that I write about myself and my friends, will likely be online forever. Therefore, I will not put anything on my profile that I wouldn't want my parents, teachers, college admissions officers or future bosses to see.
- I agree that not all TV shows, movies, games, music and websites are right for me. I will talk to my parents if I am not sure what's appropriate.
- I know that not everything I read or see is true, and I will think about whether a source is credible.
- I will earn my independence and my parent's trust.

I will keep a healthy balance:

- Even though I love media, there are other things in my life that interest. So I will help my parents set time limits that make sense and then I will follow them.
- I will help my parents understand why media is so important to me, but also recognize that my safety is more important to them than anything else.

In exchange, my parents agree to:

- Recognize that media is a big part of my life, even if they don't always understand why.
- Talk with me about what worries them and why, before saying "no".
- Respect my privacy and talk to me if they have concerns.

Pajaro Valley Unified School District Publishing Policy

PVUSD uses technology as a tool to enhance learning, increase productivity and promote creativity. The Internet and use of technology communication tools are extremely valuable for class assignments, collaboration, publishing, and interacting with peers, experts and other audiences. Specifically, the use of the Internet provides opportunities to access a wide variety of information, reference materials, and educational resources which were previously inaccessible. However, by its very nature, the free-flowing, uncensored exchange of information and communication that characterizes the Internet has forced the issue of how and by whom the network should be used.

As part of the educational program, your son or daughter may have the opportunity to publish documents and projects on the Internet. These might include a personal home page, story or poem, image, video, science or research project, group photograph from an activity or club, or collaborative project with other students locally or internationally. Additionally, PVUSD school administrators, teachers, support staff and the Santa Cruz County Office of Education may also create and publish websites, videos, documents and other digital content to the Internet that documents school related projects, activities and the like. Members of the media, like members of the general public, must comply with school district policies and procedures while they are on school grounds and are responsible for providing their own media release forms.

People on the Internet may be able to view and possibly respond to your child's work. PVUSD educators view this as an exciting and enriching opportunity for all students. As such, any staff or student work published on the internet will comply with the protocols listed below, intended to provide a safe and reasonable exposure on the Internet.

Employees of PVUSD will be harmless for any unauthorized uses or copyright violations arising from the publication of staff and students' work and/or media published on the internet. Employees of PVUSD will not be held responsible for claims against the District for any damages, awards, claims, or liabilities that may arise from any unauthorized uses or copyright violations of students' work and/or photographs.

Pajaro Valley Unified School District Publishing Requirements for Student and Staff produced work:

2. Attendance

Notification of Absence

You, as the parent/guardian of your child, must send a note and/or phone the school to clear any excusable absences within 72 hours. Failure to excuse the absence results in a recorded truancy on your child's record. It is also important that you know that the state only awards funding to school districts for actual attendance – the student must actually be in school. This means the state no longer funds districts for the excused absences listed below. Another way to ensure your child's daily attendance is by reviewing the school district's calendar and planning family vacations to occur on school holidays. Even parent notification to the school of a student's absence for a family vacation results in lost instructional time for the student and is not an excusable absence.

Excused Absences *EC 46014 and 48205,*

Pupils, with the written consent of their parents or guardians, may be excused from school in order to participate in religious exercises or to receive moral or religious instruction.

No pupil shall have his or her grade reduced or lose academic credit for any excused absence or absences, if missed assignments and tests that can reasonably be provided are satisfactorily completed within a reasonable period of time.

1. Notwithstanding Section 48200, a pupil shall be excused from school when the absence is:
 - a) Due to his or her illness.
 - b) Due to quarantine under the direction of a county or city health officer.
 - c) For the purpose of having medical, dental, optometry, or chiropractic services rendered.
 - d) For the purpose of attending the funeral services of a member of his or her immediate family, so long as the absence is not more than one day if the service is conducted in California and not more than three days if the service is conducted outside California.
 - e) For the purpose of jury duty in the manner provided for by law.
 - f) Due to the illness or medical appointment during school hours of a child of whom the pupil is the custodial parent.

 - h) For the purpose of serving as a member of a precinct board for an election pursuant to Section 12302 of the Elections Code.

Absences granted pursuant to this paragraph shall be granted for a period of time to be determined at the discretion of the superintendent of the school district.
2. A pupil absent from school under this section shall be allowed to complete all assignments and tests missed during the absence that can be reasonably provided and, upon satisfactory completion within a reasonable period of time, shall be given full credit therefore. The teacher of the class from which a pupil is absent shall determine which tests and assignments shall be reasonably equivalent to, but not necessarily identical to, the tests and assignments that the pupil missed during the absence.
3. For purposes of this section, attendance at religious retreats shall not exceed four hours per semester.
4. Absences pursuant to this section are deemed to be absences in computing average daily attendance and shall not generate state apportionment payments.
5. "Immediate family," as used in this section, has the same meaning as that set forth in Section 45194, except that references therein to "employee" shall be deemed to be references to "pupil."

Attendance Recovery

Periodically throughout the school year, the school will offer opportunities for students to make up days missed due to absences. Attendance Recovery make-up classes can only be attended by students who have actually missed school, whether for excused or unexcused absences. Attendance Recovery make-up classes cannot be used or attended by students for disciplinary reasons.

SARB (School Attendance Review Board) Process

Unexcused Absences	EXCUSED Absences	Tardy (30+ mins)	Attendance Letter #
3 days	5 days	8 tardies	1
5 days	10 days	15 tardies	2/Pre-SARB
8 days	15 days	25 tardies	3
You & your child may be referred to the PVUSD SARB* if student has 1 or more absences/tardies after the Pre-SARB meeting was held.			SARB*

The importance of regular school attendance is vital to your child's success in school. Children cannot learn if they are not in school. As a result of attending school daily and on time, your student will establish a pattern that will help them become successful in all facets of their lives. To help ensure regular and punctual student attendance, absences and tardies will be monitored frequently in accordance with PVUSD board policy and California Department of Education codes.

Your phone call or note "verifies" your student's absence; it does not necessarily "excuse" it unless the reason for the absence falls under section 48200 "excused absence" illness or doctor's appointment. You will be kept aware of your child's absences by attendance letters that will be mailed home. These letters will be sent based upon the combined total of any type of absence (Unexcused, Excused, or Tardy). Please see chart.

Homeless – McKinney Vento Act

42 USC 11432,

The Governing Board desires to ensure that homeless students have access to the same free and appropriate public education provided to other students within the district. The district shall provide homeless students with access to education and other services necessary for these students to meet the same challenging academic standards as other students.

The district shall provide transportation for a homeless student to and from his/her school of origin when the student is residing within the district and the parent/guardian requests that such transportation be provided. If the student moves outside of district boundaries, but continues to attend his/her school of origin within this district, the superintendent or designee shall consult with the superintendent of the district in which the student is now residing to agree upon a method to apportion the responsibility and costs of the transportation.

Please refer to PVUSD Board Policy 6173 for more information regarding education for homeless children and McKinney-Vento Act. Students, parents/guardians, and advocates can also contact school-site offices for more information.

Student Attendance Expectations

One of our priorities in the Pajaro Valley Unified School District is for all children in our community to be in school on time, all day, and every day that school is in session. The California Education Code Section 48200 also requires daily school attendance with compulsory attendance for students 6 to 18 years of age. Educators know that daily school attendance improves student achievement to which we are all dedicated for our students. Assist us by talking with your child and making daily, "on time" school attendance an important family value for your child.

You, as the parent/guardian of your child, must send a note and/or phone the school to clear any excusable absences within 72 hours. Failure to excuse the absence results in a recorded truancy on your child's record. It is also important that you know that the state only awards funding to school districts for actual attendance – the student must actually be in school. This means the state no longer funds districts for the excused absences listed below. Another way to ensure your child's daily attendance is by reviewing the school district's calendar and planning family vacations to occur on school holidays. Even parent notification to the school of a student's absence for a family vacation results in lost instructional time for the student and is not an excusable absence. School staff may request your attendance at a conference when your child is

absent for un-excusable reasons.

High school students who maintain daily attendance may enjoy certain privileges:

1. The privilege of “walking” in the graduation ceremony;
2. The opportunity to receive a work permit for employment (obtained from the school’s career counselor); and
3. The opportunity to receive a driver’s license;

Students who fail to attend school risk the loss of these privileges according to Education Code 48200, Vehicle Code 13202.7 and district policy. A student’s driver’s license or the opportunity to obtain a license can be suspended to age 18.

There are legal consequences if your child misses too much school. You must send a note and/or phone the school within 72 hours to clear any excusable absences. Parents/Guardians have the right to be notified on a timely basis if their child is absent from school without permission.

Unexcused absences result in a recorded truancy.

- A) Notwithstanding Section 48200, a pupil shall be excused from school when the absence is:
1. Due to the pupil’s illness.
 2. Due to quarantine under the direction of a county or city health officer.
 3. For the purpose of having medical, dental, optometrical, or chiropractic services rendered.
 4. For the purpose of attending the funeral services of a member of the pupil’s immediate family, so long as the absence is not more than one day if the service is conducted in California and not more than three days if the service is conducted outside California.
 5. For the purpose of jury duty in the manner provided for by law.
 6. Due to the illness or medical appointment during school hours of a child of whom the pupil is the custodial parent, including absences to care for a sick child for which the school shall not require a note from a doctor
 - a. For justifiable personal reasons, including, but not limited to, an appearance in court, attendance at a funeral service, observance of a holiday or ceremony of the pupil’s religion, attendance at religious retreats, attendance at an employment conference, or attendance at an educational conference on the legislative or judicial process offered by a nonprofit organization when the pupil’s absence is requested in writing by the parent or guardian and approved by the principal or a designated representative pursuant to uniform standards established by the governing board.
 7. For the purpose of serving as a member of a precinct board for an election pursuant to Section 12302 of the Elections Code.
 8. For the purpose of spending time with a member of the pupil’s immediate family who is an active duty member of the uniformed services, as defined in Section 49701, and has been called to duty for, is on leave from, or has immediately returned from deployment to a combat zone or combat support position. Absences granted pursuant to this paragraph shall be granted for a period of time to be determined at the discretion of the superintendent of the school district.
 9. For the purpose of attending the pupil’s naturalization ceremony to become a United States citizen.
 10. Authorized at the discretion of a school administrator, as described in subdivision (c) of Section 48260
- B) A pupil absent from school under this section shall be allowed to complete all assignments and tests missed during the absence that can be reasonably provided and, upon satisfactory completion within a reasonable period of time, shall be given full credit therefor. The teacher of the class from which a pupil is absent shall determine which tests and assignments shall be reasonably equivalent to, but not necessarily identical to, the tests and assignments that the pupil missed during the absence.
- C) For purposes of this section, attendance at religious retreats shall not exceed four hours per semester.
- D) Absences pursuant to this section are deemed to be absences in computing average daily attendance and shall not generate state apportionment payments.
- E) “Immediate family,” as used in this section, means the parent or guardian, brother or sister, grandparent, or any other relative living in the household of the pupil. [EC 48205, 48205.5, 48260]

Districts may allow students, with parental or guardian consent, to be excused to participate in moral or religious exercises or instruction. [EC 46014]

Chronic Absenteeism

The state of California defines chronic absenteeism as missing 10% or more of the school year, whether excused or unexcused. Frequent absences due to chronic or recurrent illness can interfere with your child’s educational progress. Make-up work is not the same as classroom learning and participation. If your child has a situational or health problem that causes frequent absences, please inform your child’s teacher, principal, and/or school nurse. You may receive a letter from Student Services if your child is chronically absent. Medical verification will be required if your child misses 10% or more of school days due to illness. The school nurse can help request information from your child’s medical

provider about treatments and/or supports needed to improve school attendance. If medication or precautions are required for attendance, the school nurse will help with necessary medical orders and training.

Truancy

The state defines three levels of truancy, each carrying more severe penalties for both the student and the parents or guardians. The three are truant, habitual truant, and chronic truant.

Truant: A student is truant after missing three days of school or three 30-minute periods without a valid excuse.

Habitual Truant: If a student is truant three or more times in a school year and an effort is made to meet with parents, then the student is a habitual truant.

Chronic Truant: A chronically truant student has missed 10 percent or more school days in a school year.

Interventions: Students who are habitually truant, miss a lot of school or disorderly can be referred to a student attendance review board (SARB), a district attorney mediation program, or the county probation department. Through these programs, the student can be given guidance to meet special needs for improving attendance or improving school behavior. The goal is to intervene before a student enters the juvenile justice system or drops out.

Student Penalties: First truancy may result in a one-day weekend class. Second truancy may be a written warning from a peace officer that remains in the student's records. Third truancy may result in assignment to an after-school or weekend program, a SARB, a probation officer, or district attorney program. A fourth truancy may result in a chance to improve attendance, but may also result in the student being placed within the jurisdiction of, and as a ward of the juvenile court. Other actions may include required community service, payment of a fine of \$100, attend a truancy mediation program, and loss of driving privileges. A finding of truancy may be handled through available community services.

Parent Penalties: In Education Code; first conviction – up to \$100 fine; second conviction – up to \$200 fine; third – up to \$500 fine. In Penal Code; parents of elementary students who are chronic truants face a fine up to \$2,000; imprisonment up to one year; or both. They may also be scheduled to meet regularly with district staff and/or referred for help. It is recommended that the parent or guardian attend classes at school with the student for one day.

3. Enrollment

Attendance Options/Permits

EC 48980(h);

The Governing Board desires to provide options that meet the diverse needs and potential and interest of the district's students. School attendance areas within PVUSD are reviewed annually, and adjustments are made periodically by the Governing Board. The Governing Board also annually determines the enrollment capacities of each school.

Students who reside permanently within district boundaries are now permitted to apply for enrollment in any district school where space is available, provided such enrollment (a) does not adversely affect the district's plan to alleviate or prevent the racial or ethnic segregation of minority students, or (b) does not incur excess costs to the district.

Please note that the district will not provide transportation to schools outside a student's attendance area.

Attendance areas for each of the schools in PVUSD shall be established by the Governing Board on recommendation of the superintendent. In establishing or adjusting attendance areas, the Board shall be guided by the following criteria: pupil capacity of the schools; distances between places of residence and school of attendance; population density and concentrations of pupils to be served; traffic and safety; racial/ethnic balance; physical plant adequacies and/or inadequacies; the best physical utilization of school plants and equipment. The superintendent or designee may place some students in a school outside of their attendance area in order to alleviate overcrowding. If available, transportation shall be provided for such students.

Intra-District Transfer

EC 35160.5(b)] requires the school board of each district to establish a policy that allows parents to choose the schools their children will attend, regardless of where the parent lives in the district. The law limits choice within a school district as follows:

- Students who live in the attendance area of a school must be given priority to attend that school over students who do not live in the school's attendance area.
- In cases in which there are more requests to attend a school than there are openings, the selection process must be "random and unbiased", which generally means students must be selected through a lottery process rather than on a first-come, first-served basis. A district cannot use a student's academic or athletic performance as a reason to accept or reject a transfer.
- Each district must decide the number of openings at each school which can be filled by transfer students. Each district also has the authority to keep appropriate racial and ethnic balances among its schools, meaning that a district can deny a transfer request if it would upset this balance or would leave the district out of compliance with a court-ordered or voluntary desegregation program.
- A district is not required to provide transportation assistance to a student that transfers to another school in the district under these

provisions.

- If a transfer is denied, a parent does not have an automatic right to appeal the decision. A district may, however, voluntarily decide to put in place a process for parents to appeal a decision.

The Pajaro Valley Unified School District Policy 5116.1 provides Open Enrollment Intra-District Transfer opportunities for students within the district to meet individual needs and interests. For Open Enrollment Intra-District Transfers, parents need to apply between November 2nd and December 18th. For other Intra-District Transfer requests, parents can apply throughout the year. The number of Open Enrollment transfers will be based on individual school capacity. Parents will be notified of results of the Open Enrollment lottery by June 30th of each year.

Inter-District Transfer

Parents have two different options for choosing a school outside the district in which they live. The two options are: Option 1: Other Inter-district Transfers [EC 46601.5 through 46611]: The law allows two or more districts to enter into an agreement for the transfer of one or more students for a period of up to five years. New agreements may be entered into for additional periods of up to five years each. The agreement must specify the terms and conditions under which transfers are permitted. There are no statutory limitations on the kinds of terms and conditions districts are allowed to place on transfers. The law on Inter-District Transfers also provides for the following:

- Both the school district a parent is requesting a transfer to and the one a parent is transferring from are encouraged to take into consideration the childcare needs of the student. If the transfer is approved based on childcare needs, the student may be allowed to stay in the new district or the high school district to which it feeds through the 12th grade, subject to certain conditions.
- If either district denies a transfer request, a parent may appeal that decision to the county board of education. There are specified timelines in the law for filing an appeal and for the county board of education to make a decision.

Option 2: Parental Employment in Lieu of Residency Transfers [EC 48204]: The district may, but is not required to accept a transfer student whose parent/ guardian resides outside the boundaries of the school district but is employed and lives with the student at the place of his/her employment within the boundaries of the school district for a minimum of three days during the school week; or a student whose parent/ guardian physically works within the boundaries of the school district for a minimum of 10 hours during the school week. [EC 48204(7), 48980]

This summary provides an overview of the laws applicable to school attendance for each alternative. Additional information is available upon request. [EC 46600-46610, 48204, 48980, 52317]

Enrollment of Homeless or Foster Youth

Foster and homeless children living in the District shall be permitted to attend a school in the District unless they: 1) stay enrolled at their school of origin outside the District, 2) their Individual Education Plan (IEP) indicates attendance elsewhere, or 3) the parent or guardian, with knowledge of all options, declares in writing otherwise. They also have rights to expedited enrollment in school, attend classes and programs (pending proof of immunization), and free after-school programs. In some cases, fees are waived. The school district and each school site have complete documentation of the rights of homeless and foster youth. [EC 48204, 48850-48859, 48645.3, 51225.1, 56055; 5 CCR 4622; WIC 361, 726; 42 USC 11301, 11432]

Please refer to PVUSD Board Policy 6173.1 for more information regarding education for students who are foster youth. Students, parents/guardians, and advocates can also contact school-site offices for more information.

Attendance Where Caregivers Resides

If your child lives in the home of a caregiving adult, as defined by law, or a foster home, your child may attend the school district in which that residence is located. Execution of an affidavit under penalty of perjury pursuant to the Family Code by the caregiving adult is required to determine that your child lives in the caregiver's home. [EC 48204(a), 48980]

Transitional Kindergarten and Kindergarten Information

Eligibility for Transitional Kindergarten:

A child who turns five between **September 2 and February 2** is eligible for Transitional Kinder (TK), which provides children with a transitional year of school readiness, utilizing a modified kindergarten curriculum based on California's Preschool Learning Foundations and Frameworks, to meet the academic, social and emotional needs of younger students. It is part of a developmentally informed 2 year program. Year one is TK and year two, students continue on to kindergarten. Not all sites have TK classrooms, however PVUSD students who meet the eligibility criteria, have the option of attending TK at a site where it is offered.

Parents should go to their school of residence to register or utilize the online registration option. Parents will complete an application indicating TK site of choice. (PVUSD does not provide transportation for transitional kindergarten at this time). Please visit the PVUSD website for more information. If you have additional questions, please call your local school, the Child Development Office at (831) 786-8270 ext. 5 or email transitional_kinderqarten@pvusd.net. [EC 48900]

Eligibility for Kindergarten:

Any child who will be five years of age on or before September 1, 2022 is eligible to enter kindergarten for the 2022-2023 school year. Pajaro Valley Unified School District wants every child to be prepared for success in school. To ensure that kindergarten children are fully able to achieve success in the increasingly rigorous, State-Standards-Based Curriculum, we are offering Transitional Kindergarten in addition to our regular kindergarten.

Special Education [IDEA]

State and federal law requires that a free appropriate public education (FAPE) in the least restrictive environment be offered to qualified pupils with disabilities ages 3 through 21 years. More information concerning student eligibility, parental rights and procedural safeguards are available upon request. [IDEA]

Special Education Qualification

Any parent suspecting that a child has exceptional needs may request an assessment for eligibility for special education services through the school principal. Policy and procedures shall include written notification to all parents of their rights pursuant to EC 56300. [EC 56301]

Special Education Complaints

State regulations require the district to establish procedures to address complaints regarding special education. If you believe that the district is in violation of federal or state law governing the identification or placement of a special education student, or similar issues, you may file a written complaint with the district. State regulations require the district to forward your complaint to the State Superintendent of Public Instruction. Procedures are available from your school principal. [5 CCR 3080]

Notice of Alternative Schools

California state law authorizes all school districts to provide for alternative schools. Section 58500 of the Education Code defines alternative school as a school or separate class group within a school, which is operated in a manner designed to:

- a) Maximize the opportunity for students to develop the positive values of self-reliance, initiative, kindness, spontaneity, resourcefulness, courage, creativity, responsibility, and joy.
- b) Recognize that the best learning takes place when the student learns because of his/her desire to learn.
- c) Maintain a learning situation maximizing student self-motivation and encouraging the student in his/her own time to follow his/her own interests. These interests may be conceived by him/her totally and independently or may result in whole or in part from a presentation by his/her teachers of choices of learning projects.
- d) Maximize the opportunity for teachers, parents and students to cooperatively develop the learning process and its subject matter. This opportunity shall be a continuous, permanent process.
- e) Maximize the opportunity for the students, teachers, and parents to continuously react to the changing world, including but not limited to the community in which the school is located.

In the event any parent, pupil, or teacher is interested in further information concerning alternative schools, the county superintendent of schools, the administrative office of this district, and the principal’s office in each attendance unit have copies of the law available for your information. This law particularly authorizes interested persons to request the governing board of the district to establish alternative school programs in each district. [EC 58501]

Alternative Education Schools

The Board of Trustees of the Pajaro Valley Unified School District knows that all students do not learn in the same ways. Some students need more assistance completing graduation requirements. Other students may have experienced behavior difficulties. The Pajaro Valley Unified School District currently offers three Alternative Education Schools:

SCHOOL	GRADES	DESCRIPTION
Adult Education (831) 786-2160	9 – 12	Credit recovery for current high school students high school diploma classes, second opportunity for students (S.O.S.) program for youth ages 14 – 19 who have stopped attending school.

4. Instruction

District Courses

Annually the District prepares curriculum, course titles, aims, and descriptions in a prospectus. The syllabi are available at each school site and may be reproduced at cost. Parents/Guardians have the right to review all course material. [EC 49091.14, 51101; PPRA]

School Counselors

School counselors are trained educators possessing a valid teacher credential with a specialization in pupil personnel services. As specialists in child and adolescent development, school counselors coordinate the objectives, strategies, and activities of a comprehensive counseling program, and they serve as representatives on district and/or school guidance teams such as school attendance review boards. Counselors help students in grades 7-12 prepare for college or career planning. They guide students through all the steps including information about financial aid, academic requirements, and careers. Most counselors are available by appointment and will meet with students and their families. [EC 48980, 49600, 51229]

Academic and non-academic courses, classes, electives, activities, sports, and related facilities

State and federal law require academic and nonacademic courses, classes, electives, school- related activities, team sports, athletic competitions, and school facilities be available to all students without regard to their gender or gender identity, and irrespective of the gender listed in their records. Beginning in seventh grade counselors will meet with each student regarding course selection. Staff will not counsel students into programs, courses, or careers based on their gender or gender identity. The District Uniform Complaint Procedure may be used to file a complaint. [EC 221.5, 221.8, 49600, 48900; GC 11135, 11138; Title VI, Title IX; § 504; California Interscholastic Federation (CIF) 300D]

Student Immigrant and Religious Rights

All school age children must be admitted to California Public Schools and be offered all programs accessible to other students. School districts cannot ask about a student's immigrant or religious status. The state Attorney General has information about "know your rights": <https://oag.ca.gov/immigrant/rights>. Immigrant students are still considered residents of their current school district even if parents are deported or are being held in custody. [EC 200, 220, 234 .1]

California State Academic Standards

California along with most other States developed and adopted common academic standards in core curriculum areas. They are rigorous, internationally benchmarked, and research- and evidence-based.

Each district in California decides how they will teach and what resources they will use. More information can be found at www.cde.ca.gov/re/cc/ or www.corestandards.org. California launched a computer-based student testing system that ties to the standards for English language arts, mathematics, and science called the California Assessment of Student Performance and Progress (CAASPP). The new tests include the Smarter Balanced Assessment Consortium Assessments, California Science Tests (CAST), California Alternate Assessments (CAA), and Standards-based Tests in Spanish (STS) for Reading/Language Arts. Parents can exempt their child(ren) from CAASPP testing by submitting a letter in writing annually. More information about the CAASPP can be found at www.cde.ca.gov/ta/tg/ca/. [EC 60119, 60604.5, 60615]

California Assessment of Student Performance and Progress (CAASPP)

■ Smarter Balanced Assessment Consortium Assessments

The California Assessment of Student Performance and Progress (CAASPP) computer adaptive assessments are aligned with the Common Core State Standards (CCSS). English language arts/literacy (ELA) and mathematics tests are administered in grades three through eight and grade eleven to measure whether students are on track to college and career readiness. In grade eleven, results from the ELA and math assessments can be used as an indicator of college readiness.

■ California Science Tests (CAST)

The new, computer-based CAST measures student acquisition of the California Next Generation Science Standards. It is administered in grades five and eight, and once in high school. The new computer-based CAST replaces the California Standards Tests (CST) for Science.

● California Alternate Assessments (CAA)

The computer-based CAA for ELA and CAA for mathematics is administered to students with the most significant cognitive disabilities in grades three through eight and grade eleven. Test items are aligned with the CCSS and are based on the Core Content Connectors. The instructionally embedded CAA for Science is administered in grades five and eight, and once in high school.

■ Standards-based Tests in Spanish (STS) for Reading/Language Arts

California offers the optional STS for Reading/ Language Arts, which are multiple-choice tests that allow Spanish-speaking English learners to demonstrate their knowledge of the California content standards.

The California Spanish Assessment (CSA) will replace the optional STS. The CSA will be a computer-based assessment that is aligned with the California CCSS in Español.

Pursuant to California Education Code Section 60615, parents/guardians may annually submit to the school a written request to excuse their child from any or all of the CAASPP assessments.

English Language Proficiency Assessments for California (ELPAC)

In California public schools, all students entering school for the first time who have a home language other than English are assessed with the Initial English Language Proficiency Assessments for California, or “Initial ELPAC.” The Initial ELPAC is the test used to determine if a student is an English learner or is fluent in English. This required test will help identify students who need help learning English. This is important so they can get the support they need to do well in all school subjects.

Students in kindergarten through grade twelve who are classified as English learners will take the Summative ELPAC every year until they are reclassified as proficient in English. Students are tested on their skills in listening, speaking, reading, and writing. The ELPAC is aligned with the 2012 California English Language Development Standards.

To learn more about the ELPAC, go to the California Department of Education Parent Guides to Understanding Web page at www.cde.ca.gov/ta/tg/ca/parentguidetounderstand.asp.

You also can look at sample test questions on the practice tests, which can be found on the ELPAC Web site at www.elpac.org/resources/practicetest/s.

Physical Fitness Test

The physical fitness test (PFT) for students in California schools is the FitnessGram®. The main goal of the test is to help students in starting lifelong habits of regular physical activity. Students in grades five, seven, and nine take the fitness test.

LCFF and LCAP

The LCFF (Local Control Funding Formula) changed the way the State provides money to school districts. Under this system, school districts receive a uniform base grant for every student, adjusted by grade level. Plus they receive adjustments for the number of students living in poverty, English learners, and foster youth. Then there are further adjustments for concentration of these groups if they are above 65% of the district’s enrollment. More information about the LCFF is available at www.cde.ca.gov/fg/aa/lc/.

The LCAP (Local Control Accountability Plan) is a critical part of the LCFF. Each school district is required to engage parents, students, educators, employees, and the community to establish their plan. The LCAP must focus on eight areas identified as State priorities:

1. Basic Services
2. Implementation of State Standards
3. Parental Involvement
4. Pupil Achievement
5. Pupil Engagement
6. School Climate
7. Course Access
8. Other Pupil Outcome

The plan must describe the overall vision for students, annual goals including language acquisition, and specific action to achieve these goals.

The plan will demonstrate how the district's budget will help achieve the goals, and annually assess how well the strategies improved outcomes. Anyone can comment about proposals or expenditures to the school board; at parent, student, community engagement meetings; at staff LCAP meetings; or to the district LCAP Advisory Committee. Those records are confidential, and privacy will be maintained. Student records are provided to schools where students transfer or want to enroll. In some instances information about your child may be released to District staff, foster agencies, short-term residential treatment programs, after school programs, summer camps, lawyers, law enforcement, state researchers, and nonprofit researchers. These records include transcripts, discipline letters, commendations, attendance, and health information. The Registrar maintains the records at the school site. There is someone to help interpret the material. When more than one child is named in the records, parents may only see material related to their child. If requested, the district will provide a list of types and locations where materials are held. A log of who has viewed the records is kept at the same location as the records. District policy or Administrative Regulation sets forth the criteria by which school officials and employees can review and change or delete the files and why. Files may be reviewed to identify students eligible for public school choice or supplemental educational services. You may have copies made for twenty-five cents (25¢) per page. If you cannot afford the cost of copies, they will be provided free of charge. You also have the right to file a written request with the superintendent challenging the records. You can challenge the records if you think there is an inaccuracy, unsubstantiated conclusion or inference, a conclusion outside the observer’s expertise, comment not based on personal observation with time and date noted, misleading information, or violation of privacy rights. You can file a complaint about how your request was handled with the district or with the United States Department of Education. You will get to meet with the superintendent or designee within 30 days. If your challenge is sustained, the changes will be made. If not, you can appeal to the school board, which has final authority. If you still have a different view, your view can be included in the student’s record. Immunizations

Education Code 48216 requires that a student who has not met immunization requirements be excluded from school attendance until he/she meets those requirements. The Superintendent or designee shall not unconditionally admit any student to an elementary or secondary school, preschool, or child care and development program for the first time, nor, after July 1, 2016, admit or advance any student to grade 7 unless the student has been fully immunized in accordance with Health and Safety Code 120335 and BP/AR 5141.31 - Immunizations or is exempted by law. If a conditionally admitted student has not received required immunizations within 10 days after his/her parent/guardian has been notified of the need to do so, the student shall be excluded until he/she provides written evidence that he/she has received the vaccines due at that time. (Education Code 48216; Health and Safety Code 120335, 120370; 17 CCR 6055)

All students enrolling in kinder or transitional kinder, advancing from 6th to 7th grade, or enrolling from out of California must be fully immunized according to standards set by the California Department of Health.

- It is this district's policy that students are allowed "conditional" admission with incomplete vaccination only if they meet guidelines provided by the California State Department of Health. Students may qualify if they have begun a course of vaccines and the time interval for the next dose has not yet passed. The medical provider should specify when the next dose is due. Students who qualify as homeless may enroll conditionally if vaccine records are not available.
- As of January 2016, new Personal Belief Exemptions will no longer be allowed. Students with currently valid personal or religious belief exemptions may retain them until they reach a specific transition point: entry into transitional kinder or kinder from preschool or moving from 6th to 7th grade. At these transition points, all vaccines not yet documented will be due. Students entering from out of state will not be granted personal belief exemptions.
- Medical exemptions may be requested from a licensed medical or osteopathic physician (MD or DO). They must be signed by the physician and specify vaccine(s) exempted, reason for the exemption, and time period. Current medical exemptions will be reviewed and may need to be updated before a child reaches the next transition point (TK/Kinder or 7th grade).
- If an outbreak of a specific communicable disease occurs at a school, a student not immunized against that disease may be excluded for his/her safety and for the safety of other students. Students may be excluded if they have a current exemption, even if valid, and/or if vaccines are incomplete. Determination of when and how long to exclude will be made by public health officials.

Parents or guardians may refuse to allow the sharing of personal information related to their child's immunization records by notifying the County Health Department listed in this section. If your child does not receive this exam, you must file a waiver with the school district stating the reasons you are unable to obtain such services. You may have your child immunized at the same time that the physical examination is conducted. [EC 49450; HSC 124085, 124100, 124105]

[EC 49451; PPRA]

Kindergarten and/or First Grade Oral Health Assessment

Many things impact a child's school progress and success, including health. Children must be healthy to learn, and children with cavities are not healthy. Baby teeth are not just teeth that will fall out. Children need their teeth to eat properly, talk, smile, and feel good about themselves. Children with cavities may have difficulty eating, stop smiling, and have problems paying attention and learning at school.

Parents or guardians must have their child's oral health assessed and have proof of the assessment by May 31 of the student's first school year (kindergarten or first grade). Assessments within the 12 months before the child enters school also meet this requirement. A licensed dentist or licensed or registered dental health professional must do the assessment. [EC 49452.8]

Dental exams are often provided free at Kinder Roundups. The school nurse assigned to your child's school can serve as a resource to help you complete this requirement. Please contact the school or the Special Services Office at (831) 786-2130, for the name of your school nurse.

Vision, Hearing, and Scoliosis Screening

An authorized person will check your child's vision upon enrollment and in grades 2, 5, and 8 unless the student entered the District in grade 4 or 7. Hearing tests will be conducted when your child is enrolled or first enters a District school. Females in grade 7 and males in grade 8 may be screened for scoliosis (curvature of the spine). These tests may be administered unless you annually give the school a certificate from a physician or optometrist verifying prior testing, or submit a letter denying consent. [EC 44878, 49451, 49452, 49452.5, 49455]

Medication

All medication given by school staff or carried by a student requires a prescription from a medical provider. If your child requires medication, including over-the-counter medication, and you do not have a prescription, you must designate someone who is not a school staff person to come to school and administer the medication. Medications carried by the student also require a prescription. Medications prescribed for use at times outside of school hours should be given at home.

Children may take medication, which is prescribed by a physician, and get help from school personnel during the school day if:

- The district designee has received a written statement from the physician detailing the medication name, method, amount, and time schedules by which the medication is to be taken; and
- Parent, guardian, or caregiver annually completes a written statement signed by the physician asking the school district to assist their child in taking the medication or allow the student to self-administer certain medications. This includes allowing a school staff member to volunteer to identify the need for, and administer glucagon and epinephrine to a student. The medication consent form gives permission for the district representative to communicate with the medical provider or pharmacist, and acknowledges understanding of how the medication will be administered, including whether it may be given by unlicensed school staff. Medications carried by the student require provider verification that the student is capable of self-administration. Each school determines if it will have staff trained in the use and storage of auto-injectable epinephrine. The District will have a supply of epi-pens at each school site. [EC 49414(d), 49414.7, 49423, 49480; ne]

Children may carry and self-administer a blood glucose monitor, diabetes care, asthma inhaler, and auto-injectable epinephrine if the rules above are met and if a physician confirms in writing that the student is able to self-administer. [EC 49414, 49414.5, 49423, 49423.1, 49480; ne]

If your child is on a continuing medication regimen for a non-episodic condition, you are required to notify the district designee of the medication being taken the current dosage, and the name of the supervising physician. [EC 49480]

Sun Protection

Students when outdoors can wear sun protective clothing, including, but not limited to hats. [EC 35183.5] Students may also apply sunscreen during the day without a doctor's note or prescription. [EC 35291, 35294 .6]

Student Accident and Health Insurance

The Pajaro Valley Unified School District, as all districts in California, is not responsible for medical bills if your child is hurt during school. The district DOES NOT provide insurance on individual students. However, you may purchase accident and sickness insurance for medical and hospital services covering your child through Myers, Stevens & Toohey & Co, Inc., (800) 827- 4695, www.myers-stevens.com. The information is also available on the District's website at www.pvusd.net, under Departments > Business Services > Risk & Safety as a document entitled Student

This insurance provides coverage for your child while on school grounds or in school buildings during the time your child is required to be there because of attendance during a regular school day of the district, and while being transported by the district to and from school or another place of instruction, and while at any other place as an incident to school-sponsored activities and while being transported between such places.

- a. Health insurance coverage for your child may be available from other community programs. For more information, contact Healthy Start Children's Resource Center at (831) 761-6125 or the school nurse.

This insurance requirement can be met by the school district offering insurance or other health benefits that cover medical and hospital expenses. Some pupils may qualify to enroll in no-cost or low-cost local, state, or federally sponsored health insurance programs. [EC 49471]

Enrollment in a Health Care Plan

All children enrolling in kindergarten, first grade, or transferring into the district and their families must be enrolled in a health care plan. This district may seek funding to support student programs. The district qualifies for Tobacco Use Prevention Education (TUPE) grant money. Money for the grant comes from Proposition 99 (1988) that added a 25¢ tax on each pack of cigarettes. In grades 6-12, TUPE funds support health education efforts aimed at the prevention and reduction of tobacco use by students and provide intervention and cessation services to students currently using tobacco. The PVUSD Student Services Department will work with school sites of students, grades 6-12, and PVPSA to schedule TUPE sessions consisting of tobacco, cannabis and other drug preventative lessons. All recipients will adopt tobacco free district policies as well as post "Tobacco Use Is Prohibited" signs at all property entrances. [HSC 104350, 104420, 104460]

Schools have an obligation to combat racism, sexism, and other forms of bias, and a responsibility to provide equal educational opportunity and ensure safe school sites.

Safe Storage of Firearms

In accordance with California Education Code 49392, commencing with the 2023–24 school year the local educational agency shall include in the annual notification information related to the safe storage of firearms. As such, please take some time to review the information below and evaluate your own personal practices to assure that you and your family are in compliance with California law as it pertains to the safe storage of firearms.

- With very limited exceptions, California makes a person criminally liable for keeping any firearm, loaded or unloaded, within any premises that are under their custody and control where that person knows or reasonably should know that a child is likely to gain access to the firearm without the permission of the child’s parent or legal guardian, and the child obtains access to the firearm and thereby (1) causes death or injury to the child or any other person; (2) carries the firearm off the premises or to a public place, including to any preschool or school grades kindergarten through twelfth grade, or to any school-sponsored event, activity, or performance; or (3) unlawfully brandishes the firearm to others.
 - Note: The criminal penalty may be significantly greater if someone dies or suffers great bodily injury as a result of the child gaining access to the firearm.
- With very limited exceptions, California also makes it a crime for a person to negligently store or leave any firearm, loaded or unloaded, on their premises in a location where the person knows or reasonably should know that a child is likely to gain access to it without the permission of the child’s parent or legal guardian, unless reasonable action is taken to secure the firearm against access by the child, even where a minor **never** actually accesses the firearm.
- In addition to potential fines and terms of imprisonment, as of January 1, 2020, a gun owner found criminally liable under these California laws faces prohibitions from possessing, controlling, owning, receiving, or purchasing a firearm for 10 years.
- Finally, a parent or guardian may also be civilly liable for damages resulting from the discharge of a firearm by that person’s child or ward.

Remember that the easiest and safest way to comply with the law is to keep firearms in a locked container or secured with a locking device that renders the firearm inoperable.

School Rules

You have a right to review school and district rules regarding student discipline. If you wish to do so, please contact the school office.

Leaving School at Lunch Time

“The governing board of the Pajaro Valley Unified School District, pursuant to Section 44808.5 of the Education Code, has decided to permit pupils enrolled at Watsonville High School to leave the school grounds during the lunch period. Neither the school district nor any officer or employee thereof shall be liable for the conduct nor has safety of any pupil during such time as the pupil left the school grounds pursuant to this section.” The district permits Watsonville High School students in grades 9-12 this privilege. Cellphones, Pagers, Electronic Signaling Devices

Districts may regulate the possession or use of any cellphone, pager or electronic signaling device while pupils are on campus, while attending school-sponsored activities, or while under the supervision and control of school district employees. Use is allowed if essential to student’s health as noted by medical doctor. [EC 48901 .5]

Social Networking

PVUSD would like to partner with you to ensure the safety and wellbeing of your child(ren) while using the internet and cell phones and that students are using them responsibly. Students should understand that the internet is an excellent tool in their education; however, if used irresponsibly, the internet and cell phones could also be damaging.

Over the past few years, we have had an increase of “social networking” and cell phone issues in schools. We are concerned for the educational implication, as well as, the emotional and social well-being of students. A significant amount of time is spent mediating, counseling and investigating individual and group cases that involve either social networking sites (such as Facebook or Instagram) or texting. In this process, many students and parents have shared with us many of our students’ social media postings and text messages. We have found that these postings and messages contain:

- Inappropriate Language
- Language of a sexual nature
- Slanderous comments regarding fellow students or staff (innuendo, rumors)

- Threatening language (harassment, intimidation, cyber-bullying)

Even though this activity may be initiated outside of school hours, the impact is felt all day and every day, which includes the students' time at school. We need your help to keep the focus on education and community building during school hours. Enclosed is social media information for parents and students. Please take a moment to review and discuss it with your child(ren). Additional resources and talking points may be found at www.commonssensemedia.org. We urge you to be aware of how your child(ren) use the internet and cell phones. With your help, we can continue to provide our students with the excellent education and strong sense of community and care for others that makes PVUSD the strong community that it is today!

If your child commits an obscene act or engages in habitual profanity or vulgarity, disrupts school activities, or otherwise willfully defies the authority of school personnel, and is suspended for such misconduct, you may be required to attend a portion of a school day in your child's classroom. Reporting Process and Complaint Investigation and Resolution

Any student who believes that he/she has been subjected to sexual harassment or who has witnessed sexual harassment is strongly encouraged to report the incident to his/her teacher, the principal, or any other available school employee. Within one school day of receiving such a report, the school employee shall forward the report to the principal or the district's compliance officer identified in AR 1312.3. In addition, any school employee who observes an incident of sexual harassment involving a student shall, within one school day, report his/her observation to the principal or a district compliance officer. The employee shall take these actions, whether or not the alleged victim files a complaint.

In any case of sexual harassment involving the principal, compliance officer, or any other person to whom the incident would ordinarily be reported or filed, the report may instead be submitted the Superintendent or designee.

When a report of sexual harassment is submitted, the principal or compliance officer shall inform the student or parent/guardian of the right to file a formal written complaint in accordance with the district's uniform complaint procedures.

If a complaint of sexual harassment is initially submitted to the principal, he/she shall, within two school days, forward the report to the compliance officer to initiate investigation of the complaint. The compliance officer shall contact the complainant, investigate, and resolve the complaint in accordance with law and district procedures specified in AR 1312.3.

Confidentiality

All complaints and allegations of sexual harassment shall be kept confidential except as necessary to carry out the investigation or take other subsequent necessary action.

However, when a complainant or victim of sexual harassment notifies the district of the harassment but requests confidentiality, the compliance officer shall inform him/her that the request may limit the district's ability to investigate the harassment or take other necessary action. When honoring a request for confidentiality, the district will nevertheless take all reasonable steps to investigate and respond to the complaint consistent with the request.

When a complainant or victim of sexual harassment notifies the district of the harassment but requests that the district not pursue an investigation, the district will determine whether or not it can honor such a request while still providing a safe and nondiscriminatory environment for all students.

Response Pending Investigation

When an incident of sexual harassment is reported, the principal or designee, in consultation with the compliance officer, shall determine whether interim measures are necessary pending the results of the investigation. The principal/designee or compliance officer shall take immediate measures necessary to stop the harassment and protect students and/or ensure their access to the educational program. Such measures may include placing the individuals involved in separate classes or transferring a student to a class taught by a different teacher, in accordance with law and Board policy. The school should notify the individual who was harassed of their options to avoid contact with the alleged harasser and allow the complainant to change academic and extracurricular arrangements as appropriate. The school should also ensure that the complainant is aware of the resources and assistance, such as counseling, that are available to them. As appropriate, such actions shall be considered even when a student chooses to not file a formal complaint or the sexual harassment occurs off school grounds or outside school-sponsored or school-related programs or activities. [AR 5145.7 November 2014]

The Board of Education recognizes that the District has primary responsibility for complying with applicable state and federal laws and regulations governing educational programs. The District shall investigate complaints alleging failure to comply with such laws and/or alleging discrimination, harassment, intimidation, or bullying and shall seek to resolve those complaints in accordance with the District's Uniform Complaint Procedures (UCP).

The District shall follow uniform complaint procedures to resolve any complaint alleging unlawful discrimination, harassment, intimidation, or bullying in district programs and activities based on actual or perceived characteristics of race or ethnicity, color, ancestry, nationality, national origin, ethnic group identification, age, religion, marital or parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, gender expression, or genetic information, or any other characteristic identified in Education Code 200 or 220, Penal Code 422.55 or Government Code 11135, or based on association with a person or group with one or more of these actual or perceived characteristics.

Complaints related to the sufficiency of textbooks or instructional materials, emergency or urgent facilities conditions that pose a threat to the health or safety of students or staff, and teacher vacancies and misassignments are investigated pursuant to the District's Williams Uniform Complaint Procedures (AR 1312.3). The Board encourages the early, informal resolution of complaints whenever possible. The Board prohibits retaliation for the filing of a complaint, the reporting of discrimination, harassment, intimidation, bullying, or for the participation in complaint procedures.

The Board acknowledges and respects every individual's right to privacy. Discrimination, harassment, intimidation or bullying complaints shall be investigated in a manner that protects the confidentiality of the parties and the integrity of the process. This may include keeping the identity of the complainant confidential, as appropriate, and except to the extent necessary to carry out the investigation, or proceedings, as determined by the Superintendent or designee, on a case basis.

The Superintendent shall ensure that the employees designated to investigate complaints are knowledgeable about the laws and programs for which they are responsible. Such employees may have access to legal counsel as determined by the Superintendent or designee. A Compliance Officer (C.O.) shall maintain a record of each complaint and subsequent related actions, including all information required for compliance with the California Code of Regulations, Title 5, Section 4632. All parties involved in allegations shall be notified when a complaint is filed, when a complaint meeting or hearing is scheduled and when a decision or ruling is made.

Copies of the District's complaint procedures shall be available free of charge.

Dissemination of Notice

This notice shall be distributed annually to students, employees, parents or guardians, District/school advisory committees, appropriate private school representatives and other interested parties in English or other languages as required by Education Code 4895.

Step 1: Filing of Complaint

Any individual, public agency or organization may file a written complaint of alleged noncompliance by the District. Complaints alleging unlawful discrimination, harassment, intimidation or bullying may be filed by a person who alleges that he/she/they personally suffered unlawful discrimination, harassment, intimidation or bullying or by a person who believes that an individual or any specific class of individuals has been subjected to unlawful discrimination, harassment, and intimidation or bullying. The complaint must be initiated no later than six months from the date when the alleged discrimination, harassment, intimidation or bullying occurred or when the complainant first obtained knowledge of the facts of the alleged discrimination.

Step 2: Mediation

The Board recognizes that a neutral mediator can often suggest an early compromise that is agreeable to all parties in a dispute. Within 3 days of receiving the complaint, the C.O. may informally discuss with the complainant the possibility of using mediation. If the complainant agrees to mediation, the C.O. shall make all arrangements for this process. The C.O. shall ensure that all parties agree to make the mediator a party to related confidential information. If the mediation process does not resolve the problem within the parameters of the law, the C.O. shall proceed

with his/her investigation of the complaint. The use of mediation does not extend to the District's timelines for investigating and resolving the complaint unless the complainant agrees in writing to such an extension of time.

Step 3: Investigation of Complaint

The C.O. shall hold an investigative meeting within five days of receiving the complaint or an unsuccessful attempt to mediate the complaint. This meeting shall provide an opportunity for the complainant and or his/her representative to repeat the complaint orally. All parties shall also have an opportunity to present evidence or information relevant to the complaint. Parties to the dispute may discuss the complaint and question each other or each other's witnesses.

A complainant's refusal to provide the District's investigator with documents or other evidence related to the allegations in the complaint, or his/her failure or refusal to cooperate in the investigation or his/her/they engagement in any other obstruction of the investigation may result in dismissal of the complaint because of a lack of evidence to support the allegation. The District's refusal to provide the investigator with access to records and/or other information related to the allegation in the complaint, or its failure or refusal to cooperate in the investigation or its engagement in any other obstruction of the investigation, may result in a finding, based on evidence collected, that a violation has occurred and may result in the imposition of a remedy in favor of the complainant .

Step 4: Response

Within 60 days of receiving the complaint, the C.O. shall prepare and send to the complainant a written report of the District's investigation and decision.

Step 5: Final Written Decision

The District's decision shall be written in English and in the language of the complainant whenever feasible or as required by law.

The report shall include: the findings of fact based on the evidence gathered; the conclusion(s) of law; the disposition of the complaint, including corrective actions if any; the rationale for the above disposition; and notice of the complaint's right to appeal the decision within 15 days to the California Department of Education (CDE) and procedures to be followed for initiating such an appeal. If an employee is disciplined as a result of the complaint, this report shall simply state that effective action was taken and that the employee was informed of District expectations. The report shall not give any further information as to the nature of the disciplinary actions.

Appeals to the California Department of Education

If dissatisfied with the District's decision, the complainant may appeal in writing to the CDE within 15 days of receiving the District's decision. For good cause, the Superintendent of Public Instruction may grant an extension of filing appeals. The complainant must specify the basis for appeal of the decision and whether the facts are incorrect and/or the law has been misapplied, decision and must include a copy of the locally filed complaint and the District's decision.

Upon notification by the CDE that a complainant has appealed the District's decision, the Superintendent or designee shall forward the following documents to the CDE:

- a. A copy of the original complaint
- b. A copy of the decision
- c. A summary of the nature and extent of the investigation conducted by the District, if not covered by the decision
- d. A copy of the investigation file, including but not limited to all notes, interviews, and documents submitted by the parties and gathered by the investigator
- e. A report of any action taken to resolve a complaint
- f. A copy of the District's complaint procedures
- g. Other relevant information requested by the CDE

Civil Law Remedies

A complainant may pursue available civil law remedies under state and federal discrimination, harassment, intimidation and bullying laws, if applicable, outside of the District's complaint procedures. Complainants may seek assistance from mediation centers or public/private interest attorneys. Civil law remedies that may be imposed by a court include, but are not limited to, injunctions and restraining orders.

For complaints alleging discrimination, harassment, intimidation, and bullying based on state law, a complainant must wait until 60 days have elapsed from the filing of an appeal with the CDE before pursuing civil law remedies provided the District has appropriately, and in a timely manner, apprised the complainant of his/her right to file a complaint in accordance with 5 CCR 4622. The moratorium does not apply to injunctive relief and to discrimination complaints based on federal law.

Basis for California Department of Education Intervention:

The CDE may directly intervene in the complaint without waiting for action by the District when one of the conditions listed in 5 CCR 4650 exists, including cases in which the District has not taken action within 60 days of the date the complaint was filed. [20 USC 7114(D)(7), 20 USC 11138; 34 CFR 300.510-511, 300.513; EC 235. 262.3, 33031, 33032, 33381, 48985, 56000-56885, 59000-59300, 64000(a); 5 CCR 4600; 5 CCR 4620-4633]
