

Watsonville High School

2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Contact Information

School Name	Watsonville High School
Street	250 E. Beach Street

City, State, Zip	Watsonville, CA 95076
Phone Number	(831) 728-6390
Principal	Joseph Gregorio
Email Address	Joseph_gregorio@pvusd.net
School Website	https://whs-pajaro-ca.schoolloop.com/
County-District-School (CDS) Code	44-69799-4437901

2023-24 District Contact Information

District Name	Pajaro Valley Unified School District
Phone Number	(831) 786-2100
Superintendent	Murry Schekman, Interim Superintendent
Email Address	murry_schekman@pvusd.net
District Website	www.pvusd.net

2023-24 School Description and Mission Statement

Watsonville High School (WHS) is committed to providing a safe environment and rigorous learning expectations for ALL students by focusing on creating graduates who are college and career ready. As a comprehensive high school, WHS offers a wide variety of options for student connections to the school. We have an excellent athletic program, well-equipped science laboratories, several student-led/teacher facilitated clubs and organizations, a newly work-in progress school band/music program, and our six CA State Academies-small learning communities on campus. Watsonville High School enjoys the support of the State of California via six small learning grants which give students the opportunity to learn and experience different aspects of career sectors. Our academies -Business, Agriculture and Technology (BATA); Environmental Sciences and Natural Resources (ESNR); Health Careers; ECHO/Leadership; Mosaic for the Arts; and Video. These academies also make our large campus more personal and help to promote good relationships among students and between students and their teachers. Our ninth graders are also clustered into a small learning community that focuses on skill development and adjustment to high school for success using strategies from our AVID program. In addition to our small learning communities, WHS offers a full complement of Advanced Placement courses for all subject areas and a superior counseling department for students to achieve their post-high school dreams. Most recently, we added an International Academy for newcomers and English Learners. We have a long standing and successful FFA program that prepares students to participate in the business of agriculture, a thriving enterprise in our Watsonville Community of agriculture. Likewise, we have recently expanded our career technical educational (CTE) opportunities, which include: Building and Construction Trades, Agriculture Mechanics, Sustainable Agriculture, Environmental Horticulture, Systems Diagnostics, Service and Repair, Public Safety, Biotechnology, System Programming service which is another growing area of interest for our student body.

We continue to support the transition into, through and beyond high school. Our goal is to prepare our students to choose a pathway for themselves that is linked to future educational and career goals. We recognize that all students need to experience a variety of coursework and educational experiences in order to make informed choices about their future. We collaborate with Gear Up and EAOP via our college and university partnerships with Cabrillo College, CSUMB and UCSC. We host university field trips throughout the year and offer informational parent and student nights/workshops.

In order for WHS to support nine grade students before freshman year begins, we offer a Step Up to High School summer program, as well as ongoing support throughout the grade 9 year from our ASB Link Crew leaders. Link Crew leaders are grade 11 and 12 students who are committed to assisting the incoming freshmen in having a positive high school experience as a Wildcat!

We continue to address the challenge of meeting the needs of a diverse population of students by providing a full range of educational offerings. Our faculty is committed to offering rigorous academic expectations, while providing the necessary support for all students to excel. In a continued effort to support the whole students, we have expanded and strengthened our mental health services along with our positive behavioral program (PBIS).

2023-24 School Description and Mission Statement

Each year the total population of WHS continues to grow and maintain its status as the largest school in the PVUSD district and Santa Cruz County. While this can be seen as an over burden on our systems, it also reflects the increasing belief by the community in our school as while our student enrollment is increasing, all other sites are experiencing declining enrollment. This speaks to the integrity of our school and the systems put in place to support students as a whole.

About this School

2022-23 Student Enrollment by Grade Level

Grade Level	Number of Students
Grade 9	565
Grade 10	594
Grade 11	553
Grade 12	532
Total Enrollment	2,244

2022-23 Student Enrollment by Student Group

Student Group	Percent of Total Enrollment
Female	49.8%
Male	50.1%
American Indian or Alaska Native	0.2%
Asian	0.8%
Black or African American	0.3%
Filipino	0.4%
Hispanic or Latino	95.7%
Native Hawaiian or Pacific Islander	0%
Two or More Races	0%
White	2.6%
English Learners	28.8%
Foster Youth	0.5%
Homeless	10.7%
Migrant	9%
Socioeconomically Disadvantaged	92.5%
Students with Disabilities	16.7%

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2020-21 Teacher Preparation and Placement

Authorization/Assignment	School Number	School Percent	District Number	District Percent	State Number	State Percent
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)	66.20	68.28	675.70	75.64	228366.10	83.12
Intern Credential Holders Properly Assigned	1.00	1.03	12.00	1.35	4205.90	1.53
Teachers Without Credentials and Misassignments (“ineffective” under ESSA)	17.20	17.73	129.30	14.48	11216.70	4.08
Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)	3.10	3.26	16.30	1.82	12115.80	4.41
Unknown	9.40	9.69	59.80	6.70	18854.30	6.86
Total Teaching Positions	96.90	100.00	893.30	100.00	274759.10	100.00

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Teacher Preparation and Placement

Authorization/Assignment	School Number	School Percent	District Number	District Percent	State Number	State Percent
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)	75.90	75.04	643.50	73.10	234405.20	84.00
Intern Credential Holders Properly Assigned	3.30	3.35	9.50	1.08	4853.00	1.74
Teachers Without Credentials and Misassignments (“ineffective” under ESSA)	18.50	18.37	169.10	19.21	12001.50	4.30
Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)	0.00	0.00	14.70	1.67	11953.10	4.28
Unknown	3.20	3.21	43.40	4.93	15831.90	5.67
Total Teaching Positions	101.10	100.00	880.20	100.00	279044.80	100.00

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

Authorization/Assignment	2020-21	2021-22
Permits and Waivers	4.90	0.30
Misassignments	12.20	18.20
Vacant Positions	0.00	0.00
Total Teachers Without Credentials and Misassignments	17.20	18.50

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Credentialed Teachers Assigned Out-of-Field (considered “out-of-field” under ESSA)

Indicator	2020-21	2021-22
Credentialed Teachers Authorized on a Permit or Waiver	2.90	0.00
Local Assignment Options	0.10	0.00
Total Out-of-Field Teachers	3.10	0.00

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Class Assignments

Indicator	2020-21	2021-22
Misassignments for English Learners (a percentage of all the classes with English learners taught by teachers that are misassigned)	13.7	18.2
No credential, permit or authorization to teach (a percentage of all the classes taught by teachers with no record of an authorization to teach)	10.5	0.4

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Computers

We have three computer labs, and a computer lab in the library. Students each have a Chromebook checked out to them for school and home use (and a hotspot, if needed). Computers in the classrooms are used for teacher presentations of curriculum and the preparation of lesson plans to student presentations and research or writing. A significant amount of research materials can be accessed via the Chromebooks, as well as the increased number of readings necessary for the Common Core State Standards. At times computer labs must be used to utilize programs which are not available via the Chrome system. The library

is open from 8:00 a.m. to 4:30 p.m. Every classroom is equipped with a projection system and a document camera as well as an amplification system.

Textbooks

We choose our textbooks from lists that have been approved by state education officials. For a list of some of the textbooks we use at our school, see the Data Almanac that accompanies this report. We have also reported additional facts about our textbooks called for by the Williams legislation of 2004. This online report shows whether we had a textbook for each student in each core course during the current school year and whether those textbooks covered the California Content Standards. This year PVUSD adopted and purchased math textbooks. Other course texts have not been purchased for eight years except where course content has changed (such as AP courses) or in areas with textbook shortages. It is anticipated that ELA textbooks will be purchased by the district next spring. PVUSD does ensure that every student has a textbook for every core class and all but a small fraction of the elective courses.

Library

Our school's library is staffed by one library/media technician. Our program ensures equity and freedom of access to information and ideas via the Internet; nonfiction print materials; and current, interesting, high-quality literature. Students can visit the library daily during school hours, as well as before and after school. Furniture and shelving have been redesigned and/or replaced to convert the Library into a "learning commons" to attract more students to the space for reading and working both individually and in small groups. The Library is filled with students every lunch hour and heavily used after school.

Curriculum

The curriculum we use and the tests we give are based on content standards as well as the integrated skills of the Common Core State Standards (CCSS). PVUSD has adopted the international math program for secondary schools. The most recent adoption of textbooks was for mathematics in summer 2016. PVUSD is currently reviewing materials to begin the adoption process for ELA. We expect our teachers to be firmly focused on both the content and the skill they derive from both sets of standards. You can find the CCSS and content standards for each subject at each grade level on the web site of the California Department of Education (CDE).

Science Labs

Facts about our science labs, called for by the Williams legislation, are available from the following link. Annually we add to our lab equipment in a continued effort to bring additional and more rigorous lab experiences to every level of science on campus. The physical lab spaces are in need of significant upgrades which are planned via the latest PVUSD bond.

Year and month in which the data were collected

School Facility Conditions and Planned Improvements

The oldest buildings in the Pajaro Valley Unified School District were built in the mid 1900's. More facts about the condition of our school buildings are available in an online supplement to this report called for by the Williams legislation of 2004. What you will find is an assessment of more than a dozen aspects of our buildings: their structural integrity, electrical systems, heating and ventilation systems, and more. The important purpose of this assessment is to determine if our buildings and grounds are safe and in good repair. If anything needs to be repaired, this assessment identifies it and targets a date by which we commit to make those repairs. The guidelines for this assessment were written by the Office of Public School Construction (OPSC) and were brought about by the Williams legislation. You can look at the six-page Facilities Inspection Tool used for the assessment on the Web site of the OPSC. <http://www.dgs.ca.gov/opsc/Programs/deferredmaintenanceprogram/goodrepairstandards.aspx>

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23
English Language Arts/Literacy (grades 3-8 and 11)	31	32	28	26	47	46
Mathematics (grades 3-8 and 11)	10	9	17	17	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Student Groups	CAASPP Total Enrollment	CAASPP Number Tested	CAASPP Percent Tested	CAASPP Percent Not Tested	CAASPP Percent Met or Exceeded
All Students	512	477	93.16	6.84	32.00

Students with Disabilities	84	68	80.95	19.05	7.35

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Student Groups	CAASPP Total Enrollment	CAASPP Number Tested	CAASPP Percent Tested	CAASPP Percent Not Tested	CAASPP Percent Met or Exceeded

Socioeconomically Disadvantaged	464	420	90.52	9.48	7.91
Students Receiving Migrant Education Services	54	48	88.89	11.11	0.00
Students with Disabilities	84	67	79.76	20.24	0.00

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23
Science (grades 5, 8 and high school)	14.44	14.35	16.22	16.11	29.47	30.29

2022-23 CAASPP Test Results in Science by Student Group

This table displays CAASPP test results in Science by student group for students grades five, eight, and High School. Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

2022-23 Career Technical Education Programs

Watsonville High School offers courses intended to help students prepare for the world of work. We design our career technical education (CTE) courses to prepare students for career options. Course sequences are designed to introduce students to a particular career area and then deepen their experience to prepare for a specific career field. CTE courses offer job shadowing and work-based learning opportunities in a sequence of activities to guide students in activities dedicated to career awareness, career exploration, post-secondary career preparation and career training. Furthermore, we have six California Partnership Academies (CPAs) at WHS.

All courses offered are A-G approved and meet criteria to enter a UC System. All courses are part of a CTE pathway to ensure that students who select a technical path have the required hours of dedicated coursework in the field and are pathway completers. WHS' CTE pathways are widely supported by industry and community members that attend the CTE advisory meetings twice a year. Further, some of the courses offer industry certification.

Watsonville High School offers courses intended to help students prepare for the world of work. These career technical education (CTE) courses are open to all students and our school hosts six California Partnership Academies. Many pathways are available and they include:

- MOSAIC ACADEMY

Visual/Commercial Art Pathway Courses -- Intro to Visual & Commercial Art, Visual & Commercial Art 1, Visual & Commercial Art 2

- VIDEO ACADEMY

2022-23 Career Technical Education Programs

- Film/Video Production Pathway Courses -- Intro to Film & Video Production, Video Production 1, Video Production 2, Digital Media Arts Internship
- ESNR ACADEMY
- Environmental Resources Pathway Courses -- Intro to Environmental Resources, Environmental Resources 1, Environmental Resources 2
- HEALTH ACADEMY
- Patient Care Pathway Courses -- Health Careers, Patient Care 1, Patient Care 2
- ECHO ACADEMY
- Education Pathway Courses -- Intro to Education, Education 1, Education 2
- BATA ACADEMY
- Agricultural Business Pathway Courses -- Intro to Agricultural Business, Agricultural Business Communications, Agricultural Business Gov/Econ
- BUILDING & CONSTRUCTION TRADES PATHWAY
- Courses -- Intro to Building & Construction Trades, Building & Construction Trades 1, Building & Construction Trades 2
- AGRICULTURAL MECHANICS PATHWAY
- Courses -- Ag Mechanics 1, Ag Mechanics 2, Ag Mechanics 3
- SUSTAINABLE AGRICULTURE PATHWAY
- Courses -- Ag Biology, Ag Chemistry, Sustainable Agriculture
- ENVIRONMENTAL HORTICULTURE PATHWAY
- Course -- Environmental Horticulture
- FLORAL DESIGN
- Courses -- The Art & History of Floral Design, Advanced Floral Design
- PUBLIC SAFETY PATHWAY
- Courses -- Criminal Justice 1
- SYSTEMS DIAGNOSTICS, SERVICE & REPAIR PATHWAY
- Courses -- Automotive Service 1, Automotive Service 2
- BIOTECHNOLOGY PATHWAY
- Courses -- The Technology of Biology, Applied Chemistry & Biotechnology, The Science & Ethics of Biotechnology
- SYSTEMS PROGRAMMING PATHWAY
- Courses -- Intro to Computer Information Systems, Programming 1, Programming 2
- EMERGENCY RESPONSE PATHWAY
- Courses -- Fire Technology

Our counselors and teachers help students determine their post-high school plans and career goals via interest assessments, career research, and through our college planning tool, Naviance.

PVUSD promotes work-based learning, school-based learning, and connecting to the world of work. The PVUSD Advisory Board brings community members and industry partners together to advise on the trends in industry and to support internships for our students.

2022-23 Career Technical Education (CTE) Participation

Measure	CTE Program Participation
Number of Pupils Participating in CTE	1579
Percent of Pupils that Complete a CTE Program and Earn a High School Diploma	66
Percent of CTE Courses that are Sequenced or Articulated Between the School and Institutions of Postsecondary Education	

Course Enrollment/Completion

This table displays the course enrollment/completion of University of California (UC) and/or California State University (CSU) admission requirements.

UC/CSU Course Measure	Percent
2022-23 Pupils Enrolled in Courses Required for UC/CSU Admission	98.93
2021-22 Graduates Who Completed All Courses Required for UC/CSU Admission	40.86

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Grade Level	Component 1: Aerobic Capacity	Component 2: Abdominal Strength and Endurance	Component 3: Trunk Extensor and Strength and Flexibility	Component 4: Upper Body Strength and Endurance	Component 5: Flexibility
Grade 9	84.4	80.4	73.4	74	76.1

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Parents are an integral part of our community of learners. Parents help our school by supporting athletic, academic, and social events. Our School Site Council (SSC) and English Learner Advisory Committee (ELAC) include parent members who provide input regarding the School Plan for Student Achievement. Parents also participate as a member of the School Safety Committee, helping identify opportunities for parents to participate on campus.

Opportunities for parents to interact with Watsonville High School also include involvement in specialized parent educational nights, hosted by our counseling department, content departments, and our six small-learning academies. Field trip opportunities are always available, as well as chaperone opportunities. Parent informational nights range in topics from graduation requirements and credit recovery to how to pay for college. Presentations include guest speakers from local universities and other agencies.

We also have parents that represent student interests in and beyond the classroom. We are constantly looking for ways to involve our families and have become well-versed in making use of the available communication technology available, such as SchoolMessenger, where we are able to send school notifications via phone, text, and email-all under one platform. More recently, we've also learned to use Remind which allows us even more to reach and engage families even more and to share resources that help our school community stay in real live communication. Finally, we also use Synergy where teachers and

2023-24 Opportunities for Parental Involvement

administrators are able to email stakeholders. Watsonville High School also hosts a newly, combined, monthly SSC/ELAC meeting in which parents and community members attend. We welcome parent support and engagement in the Wildcatz' community! Watsonville High School also recently created a new and improved newsletter format and an improved school website that reflects the most current information.

For more information on how parents and community members can volunteer at Watsonville High School, please contact our Community Liaison, Ms. Veronica Magana, at (831) 728-6390 ext. 6479.

C. Engagement

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school Dropout Rates;
- High school Graduation Rates; and
- Chronic Absenteeism

Dropout Rate and Graduation Rate (Four-Year Cohort Rate)

Indicator	School 2020-21	School 2021-22	School 2022-23	District 2020-21	District 2021-22	District 2022-23	State 2020-21	State 2021-22	State 2022-23
Dropout Rate	9.9	7.5	5.8	10.1	7.7	5.6	9.4	7.8	8.2
Graduation Rate	86.1	86.8	88.9	86.1	88.4	89.2	83.6	87	86.2

2022-23 Graduation Rate by Student Group (Four-Year Cohort Rate)

This table displays the 2022-23 graduation rate by student group. For information on the Four-Year Adjusted Cohort Graduation Rate (ACGR), visit the CDE Adjusted Cohort Graduation Rate web page at www.cde.ca.gov/ds/ad/acgrinfo.asp.

Student Group	Number of Students in Cohort	Number of Cohort Graduates	Cohort Graduation Rate

Students Receiving Migrant Education Services	2.83	0
Students with Disabilities	6.02	0

2023-24 School Safety Plan

We maintain a safe and orderly campus. In addition to our staff, there is a School Resource Officer (SRO) on campus during school hours. We continuously monitor school grounds through our video surveillance system and strategically place campus security and administrators around campus during high-traffic hours, including the beginning of the school day, break, lunch and at dismissal. During the day, campus security constantly walks around directing visitors and students in the right direction. Visitors are directed to go to the front office of the school, where they sign in and state their business on campus. Only necessary gates and doors are open during regular class time secured promptly after that.

During 2021, we made a number of safety enhancements to our school site. We replaced out low resolution cameras and replaced them with new, high resolution cameras and either added or moved cameras to strategic areas to significantly increase areAs of the campus under 24/7 video monitoring. We also conduct quarterly fire, earthquake, intruder/lockdown, and shelter-in-place drills. We have an annual review of our safety plan by a consultant for Pajaro Valley Prevention and Student Assistance and a retired police captain from Watsonville Police Department. Every spring the safety report is reviewed and updated as necessary to address changing needs observed.

2023-24 School Safety Plan

We begin the school year by meeting with students to share our behavioral expectations concerning safety on campus. Five campus security officers, along with administrators, teachers, and general staff support and promote a safe learning environment for the school community. We monitor school grounds before, during and after school. We also monitor our campus with a security camera system. Visitors coming onto campus must check in with the office, sign in, and obtain a visitor's pass.

Required safety drill per education code occur each year. The safety plan is revised annually and is put on display for the public once a year. This plan is shared with the School Site Council/ELAC parent groups for approval and is presented to the public. The school safety plan was last reviewed, updated and discussed with the school faculty in February 2021. Safety policy and drills are reviewed two times at a faculty meeting within the first quarter of the school year. The key elements in the safety plan include:

Safety practices and policies & procedures; Site-level multi-hazard emergency plan; Recovery; Phone numbers and rosters; Hazard checklists; Board policies and regulations for student safety.

In order to prepare for emergencies, we create an emergency box that includes: maps; assignments and locations; responsibilities for all staff; rehearsal of protocol with key staff members such as the nurse, security, and custodians is completed each semester; and student rosters and contact info for emergency contacts and reunification.

2020-21 Secondary Average Class Size and Class Size Distribution

This table displays the 2020-21 average class size and class size distribution. The columns titled "Number of Classes" indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Subject	Average Class Size	Number of Classes with 1-22 Students	Number of Classes with 23-32 Students	Number of Classes with 33+ Students
English Language Arts	28	15	28	34
Mathematics	31	9	15	48
Science	32	3	15	30
Social Science	29	11	25	29

2021-22 Secondary Average Class Size and Class Size Distribution

This table displays the 2021-22 average class size and class size distribution. The columns titled "Number of Classes" indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Subject	Average Class Size	Number of Classes with 1-22 Students	Number of Classes with 23-32 Students	Number of Classes with 33+ Students
English Language Arts	29	17	18	41
Mathematics	30	12	18	43
Science	30	7	13	30
Social Science	30	6	31	28

2022-23 Secondary Average Class Size and Class Size Distribution

This table displays the 2022-23 average class size and class size distribution. The columns titled “Number of Classes” indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Subject	Average Class Size	Number of Classes with 1-22 Students	Number of Classes with 23-32 Students	Number of Classes with 33+ Students
English Language Arts	26	23	22	31
Mathematics	28	16	24	35
Science	27	12	19	21
Social Science	27	12	34	21

2022-23 Ratio of Pupils to Academic Counselor

This table displays the ratio of pupils to Academic Counselor. One Full Time Equivalent (FTE) equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

Title	Ratio
Pupils to Academic Counselor	320.57

2022-23 Student Support Services Staff

This table displays the number of FTE support staff assigned to this school. One Full Time Equivalent (FTE) equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

Title	Number of FTE Assigned to School
Counselor (Academic, Social/Behavioral or Career Development)	7
Library Media Teacher (Librarian)	
Library Media Services Staff (Paraprofessional)	
Psychologist	2
Social Worker	
Nurse	
Speech/Language/Hearing Specialist	1
Resource Specialist (non-teaching)	
Other	0.4

Fiscal Year 2021-22 Expenditures Per Pupil and School Site Teacher Salaries

This table displays the 2021-22 expenditures per pupil and average teacher salary for this school. Cells with N/A values do not require data.

Level	Total Expenditures Per Pupil	Expenditures Per Pupil (Restricted)	Expenditures Per Pupil (Unrestricted)	Average Teacher Salary
School Site	\$14,296.18	\$2,889.97	\$6,547.88	\$68,631.00
District	N/A	N/A	\$4,858.33	\$72,675
Percent Difference - School Site and District	N/A	N/A	29.6	-5.7
State	N/A	N/A	\$7,607	\$90,632
Percent Difference - School Site and State	N/A	N/A	-15.0	-27.6

Fiscal Year 2022-23 Types of Services Funded

Watsonville High School (WHS) receives funding from the State of California to support core educational needs of our students. These needs include, but are not limited to classroom supplies, classroom furniture, materials and supplies, technology, and teacher professional development.

WHS also receives Title 1, Part A: Supplemental and Enrichment Education Services; Local Control Funding Formula (LCFF); and Perkins. These funds are directly used to supplement and/or enhance student learning ranging from providing supplemental materials and/or additional services to advance the learning for all of students. Our Perkins' funding goes directly into supporting and enhancing our CTE pathways. Site discretionary funds support the general program; Title 1 Parents to support with parent involvement & education/training;

We have received California Partnership Academy Grants for each of our six academies. Each academy has discretion over the use of these funds in alignment with grant requirements. The majority of the funds are spent on obtaining additional equipment targeted toward the academy's career focus and to support field trips to widen the work and world perspectives of our students.

To support the implementation of 1:1 Chromebooks, a classified staff member has been tasked with management and maintenance of the Chromebook inventory also two teachers have been released a period each to support teachers in greater and more advanced use of the technology.

To support our students Title I funds are used to support a full time community liaison who helps us connect with parents, support our SSC/ELAC meetings, and engage the community.

The school also receives a Perkins grant that has been used to support our small learning communities. The school also has an Ag Incentive Grant that has been used to make equipment upgrades for the greenhouses.

Fiscal Year 2021-22 Teacher and Administrative Salaries

This table displays the 2021-22 Teacher and Administrative salaries. For detailed information on salaries, see the CDE Certification Salaries & Benefits web page at <http://www.cde.ca.gov/ds/fd/cs/>.

Category	District Amount	State Average for Districts in Same Category
Beginning Teacher Salary	\$50,666	\$55,550
Mid-Range Teacher Salary	\$68,722	\$84,645
Highest Teacher Salary	\$94,640	\$111,284
Average Principal Salary (Elementary)	\$101,857	\$139,860
Average Principal Salary (Middle)	\$107,410	\$146,440
Average Principal Salary (High)	\$117,662	\$158,447
Superintendent Salary	\$222,832	\$278,268
Percent of Budget for Teacher Salaries	25.51%	32.21%
Percent of Budget for Administrative Salaries	4.88%	4.89%

2022-23 Advanced Placement (AP) Courses

This table displays the percent of student in AP courses at this school.

Percent of Students in AP Courses	14.1
--	------

This table displays the number of AP courses offered at this school where there are student course enrollments of at least one student.

Subject	Number of AP Courses Offered
Computer Science	0
English	5
Fine and Performing Arts	0
Foreign Language	2
Mathematics	3
Science	0
Social Science	8
Total AP Courses Offered Where there are student course enrollments of at least one student.	18

Professional Development

Our school and district are committed to continuous improvement through regular teacher collaboration. All new teachers that are new to our site may participate in a new teacher orientation focused on the district's standards' and site specific learning/teaching goals. All teachers have opportunities to participate in conferences and workshops related to the subjects they teach throughout the year. During monthly faculty meetings, we routinely incorporate professional development. Additionally, we schedule department specific monthly meetings throughout the year to enable staff within each department to focus on their curriculum. We infuse professional development during our SBC days and during monthly leadership meetings for our department chairs and cabinet members. Teachers are also versed in the area Positive Behavioral Interventions and Supports (PBIS). The PBIS leadership team attends a national conference in each year. Ultimately, our professional development is aligned to our identified WASC areas of growth and/or sustainment; school goals and planning instruction based on data, as we continue to improve our teaching practices and sustain and deepen our capacity as educators.

For the 2022-23 school year, the primary focus is on the Core Actions along with Impact Teams in collaborating around common assessments and best teaching practices to positively impact student learning via SMART goals: Specific, Measurable, Attainable, Relevant, Time-Based outcomes.

Core Action 1: Complex Text
Core Action 2: Citing Evidence
Core Action 3: Knowledge and Student Talk

This table displays the number of school days dedicated to staff development and continuous improvement.

Subject	2021-22	2022-23	2023-24
Number of school days dedicated to Staff Development and Continuous Improvement	4	27	10
