RE: Measure L Bond Funds

As you are well aware, the District started generating expenditures pertaining to the Measure L Bond funds; and in the interest of maintaining transparency Pajaro Valley Unified School District has selected Vavrinek, Trine, Day & Co. LLP ("VTD") as the firm that will be performing the Measure L Bond general and performance audit. VTD is scheduled to start the process and will be at Pajaro Valley Unified School District for two weeks starting September 29, 2014 thru October 10, 2014.

Once VTD has completed the general and performance audit, an update of their finds will be provided to the Citizens Oversight Committee on their next scheduled meeting.
