MEETING

To: Measure L Citizens Oversight Committee
From: Brian Saxton, Principal Bradley Elementary
Re: Proposed changes to Measure L funded programs at Bradley

Dear Citizens Oversight Committee,

The following changes to our original Measure L funded programs are being proposed. These have been presented to the School Site Council, Site Leadership, Home and School Club and ELAC and have all been approved and received favorably.

1. Asphalt Improvements (Slurry, seal and stripe)
2. Parking bumper installation
3. Install Fire Alarm System
4. Additional Fire Hydrants
5. Install Clock/Bell System
6. Creation and installation of two dirt tracks – one on the main field (two people wide) and one on the back field (4 people wide)
7. Create a crushed gravel infield on the back field baseball field
8. Dry Rot Repair around campus
9. Replace siding where necessary
10. Paint the exterior of Bradley Elementary
11. Paving of dirt strip for parking along Corralitos road
12. Improve landscaping

Current projects of replacing portables has been suspended at Bradley School's request. This is based on the fact that the portable project has been cancelled twice and the number of portables that were determined to be installed has been reduced each time the project has been reinstated.

We appreciate your attention to this matter and look forward to hearing from you soon.

Kind Regards,
