Valic Financial Advisors
3017 Porter St.
Soquel, CA 95073
(831)566-2847
(800)892-5558

Once an account has been opened and ready to receive contributions verification must be sent to the Benefits Department at Pajaro Valley Unified School District (PVUSD). You can now go to the www.myretirementmanager.com/?pvusd and set up your contribution.

The first time you access the Retirement Manager website you must select "I'm a New User". You will need to set up a User ID, Password and security protocols. The website will prompt you and please remember to write them down and keep them in a safe place.

There are no forms to complete or turn in to the Benefits Department for enrollment or changes. Contribution changes must be entered by the 10th of the month to be effective for that month. Any changes done after the 10th will be effective the following month.

If you have any issues while in Retirement Manager please note **exactly** what the issue is and contact the Benefits Department.
