

Facing medical concerns?

Let our experts help make sure your next step, is the **best** step.

Get to know the benefit of an Expert Medical Opinion.

As part of your Advance Medical benefit, you have access to quality providers who can help get answers you need and provide **medical advice you can trust.**

Use an expert medical opinion when you:

- ✓ Are unsure about a diagnosis
- ✓ Need help deciding on a treatment option
- ✓ Want guidance finding the right doctor or specialist

How it works:

- 1 Contact Advance Medical 24/7 by phone or email**
Simply reach out to us if you're facing medical uncertainty of any kind or a health concern and we'll do the rest, including collecting all of your relevant medical records.
- 2 Experts review your case**
We'll match you with a physician case manager who will work directly with you and your carefully selected U.S. board-certified medical expert, who specializes in your condition, to review your case.
- 3 Receive guidance and recommendations**
After case review, you'll receive a personalized report from the expert, who either confirms or recommends a change to your diagnosis and/or treatment - so you can make an informed medical decision.

Service is 100% confidential and available at no cost to all members covered by a SISC health plan.

Contact Advance Medical for more information and to start a case.
