**PVUSD Provides School Supplies Kit to Every Student**

Watsonville, CA, August 5, 2020 – Pajaro Valley Unified School District will welcome the first half of the 2020-21 school year using a Distance Learning Instructional model on Monday, August 17, 2020. The entire PVUSD team looks forward to welcoming our students to the new school year to a robust learning program. To facilitate schoolwork at home and ensure access to all students, PVUSD will provide school supplies.

“As we venture into a new year of distance learning, we want to ensure our students are ready to succeed. We are proud to be able to provide this set of supplies to support them as they engage in their learning. This Friday, from 11 AM to 3:30 PM members of Expanded Cabinet will be at Cesar Chavez Middle and Starlight Elementary schools creating these kits for all students,” stated Dr. Michelle Rodriguez, Superintendent of Schools.

Families will be able to pick up their student’s supply kit between August 11 and 14 at their school site. There will be two distributions: one for the back to school kit and one for the enrichment kit, which will include art and PE supplies. Each supply list is divided by grade level and has about 25 items; the lists can be found on PVUSD’s main website and the news section of each school website. School sites will notify their families of specific pick up times.

Welcome to the 2020-21 school year – together we will make this a successful and positive experience for our students.
